

SCHOOL PSYCHOLOGY, M.S.

Completion of this 63 credit-hour NASP-approved graduate program will provide candidates with an M.S. and a Certificate of Advanced Studies (CAS) in school psychology. Graduates will be eligible for provisional certification as a school psychologist by New York state and will be qualified to apply for national certification (NCSP). (Additional years of experience are required for permanent New York state certification.)

Requirements for admission are those identified for the graduate programs in education.
