Internship Requirements

The internship experience starts with embedded field experiences throughout required course work and culminates with two internship courses designed to provide an intensive authentic leadership experience aligned to the ELCC Standards. A minimum of 600 clock hours is required to complete the internship requirement.

The internship experiences provide administrative experiences that merge theory and practice. They provide an opportunity to learn through direct work experience under the guidance and supervision of experienced professional administrators. The internship focuses on the concepts of leadership and the application of leadership skills. Candidates complete the internship in one or two semesters. Candidates are required to register for EDU 697 Indiv Clinical Prac Advisement (1 credit) for an extension of the internship beyond this timeline.
