

# PUBLIC HEALTH, MINOR

## Minor Requirements

The Public Health minor is interdisciplinary, and includes six courses. Two service-learning courses, Introduction to Public Health and Projects in Public Health, are required, in addition to courses in Epidemiology and Global Health. Two other classes are selected from a list of public health-related electives. In order to enroll in BIO 410 Projects in Public Health, students must have completed BIO 106 Introduction to Public Health and BIO 107 Introduction to Epidemiology. Completion of BIO 201 Global Health and senior status are recommended before enrolling in BIO 410 Projects in Public Health.
