

# WEB DESIGN, MINOR

---

## Goals

Students in the Web Design minor will learn:

1. How technologies are used to create, publish and deliver information on the Web.
2. How Web design is used in personal, professional, educational and social contexts and how these contexts shape content and design choices.
3. How to make ethically appropriate and socially just choices when doing Web design, including designing accessible and usable Web pages.
4. How to create, edit, and present text, graphics, video, sound, multimedia and other forms of media on the Web.
5. How to use markup, programming, and database protocols/ languages and a variety of software and hardware tools for the creation and presentation of content on the Web.
