

# TUITION, FEES, ROOM AND BOARD

Fee	Amount
Tuition for full-time undergraduates (semester)	\$18,050 per semester
Tuition for full-time undergraduates (year)	\$36,100 per academic year

Normal full-time semester program equals 15-credit hours. A student must be enrolled in at least 12-credit hours to be considered full-time. Students enrolled in more than 18 credit hours will be assessed an additional tuition charge of \$1,200 per credit hour.

In calculating the overall cost of a degree program, it is important to remember that some majors require more than the standard 120 credit hours, and some majors require students to take more than 18 credit hours in a semester. Students enrolled in these programs may incur additional charges at the per-credit-hour rate. Students may also incur additional charges for non-credit developmental courses. Likewise, students should know that some majors require additional fees. Please check the hour requirements of your major before determining your costs and fees.

## Canadian Exchange

As a binational university, Niagara University recognizes its legacy of educating students from the United States and Canada, and wants to help students manage currency exchange when attending Niagara. For that reason, Canadian students attending Niagara University are able to pay in Canadian funds.

We add a Canadian exchange surcharge to your out-of-pocket costs, to allow payment in Canadian funds. You must use this website to make your payments: [www.niagarau.ca/payments](http://www.niagarau.ca/payments) (<http://www.niagarau.ca/payments/>). Any other payment portal will be in U.S. funds.
